## MISS HUNT WINS CAR; MISS EVANS IS SECOND.

The Helm & Ellison voting contest closed Friday night at 10:30, with Miss Nettie Hunt leading by a good majority as winner of the first prize—an automobile.

It was a good natured spirited fight. The leading contestants put in Friday at hard work, and friends of each one rallied to their support. Woman's suffrage was very much in evidence until the "polls" closed—voting early and often throughout the day.

Each of the six leading contestants, as shown by the previous Monday's standing, selected a representative and these six formed a committee to make the final count. They were J. A. Norment, Frank Love, R. C. Luter, J. W. Morris, S. D. Stenbridge and H. C. Barrett. The count was not finished until 3:15 Saturday morning. The six leaders, each of whom received a prize, received votes as follows:

Miss Nettie Hunt... 3106310  
Miss Lula Evans... 2891225  
Miss Annie Readenour... 2206225  
Miss Ella Monan... 1975715  
Miss Helen Rice... 1831360  
Miss Jane Happy... 1352710

The capital prize was choice of four or five makes of automobiles and Miss Hunt has selected a Maxwell. Other prizes were given as follows: Cabinet Grand Focula, Ladies' Bracelet Watch, 3-piece French Ivory Toilet Set, Ladies' Leather and Chain, and Fancy Locket and Chain.

## WHEAT HARVEST ON.

Farmers of Fulton county are cutting wheat, and the binder's song is real music when the sickle is clipping \$2.75 wheat, even though it is a little thin on the ground. As a whole, the yield is much better than was expected a few weeks ago, and may be classed as from medium to good. Wheat in the lower bottoms will make a good turn-out, while hill crops will run somewhat below an average. However, the crop this year, based on present prices, will pay better than for some years past, the high figure compensating for the small yield.

## JUNE RISE DISASTROUS.

Col. C. L. Walker, with a big crew of men and teams, made a desperate but ineffectual attempt to save his 300 acre crop by throwing up a levee against the high water last week. At 5:30 Friday morning the water broke through—almost when it had done its worst. Like hundreds of others, Mr. Walker lost a promising crop of growing corn and cotton. The entire community feels a deep sympathy for these gentlemen, who had their crops practically made and were forced to watch the water devastate and lay waste acres and acres of fine crops. The loss of crops this season bears doubly heavy (1) it has cost practically twice as much as heretofore to make it; (2) there is serious doubt whether it can be replanted in time to mature this season. When the water recedes no work can be done, it occurs to the Courier that those more fortunate might do a kindly, Christian act by giving a day or two of work towards helping the losers to get in another crop.

Don't buy a new hat; take the old one to Roper & Aquino's and have it cleaned and re-blocked. An expert hatter is with them for this week only. Phone and they will send for it.

Mrs. B. G. Walker and daughter, Mrs. Hollis Kirk, have returned from a visit in Tiptonville with Mrs. Chas. Lemonds.

FOR SALE: House and lot near Court House. Apply at Courier office.

Don't smoke "rope." Get a good cigar—Spans Vista—6c.

Mrs. S. L. Dodds has returned to her home in Clarksville.

## MUST MAKE AFFIDAVIT BEFORE RECEIVING LIQUOR.

R. M. Isler, local agent for Southern Express Co., shows us a form of blank supplied by his company, which requires that every person receiving intoxicating liquor from his office must make a sworn statement before a notary public that the liquor is for the consignee's own personal use and that he does not hold a federal license permitting him to sell liquor. No jugs will be delivered until the owners have filled out this blank and made oath to it before a notary. A false statement is perjury and conviction carries a penitentiary sentence.

Day by day the path from the still house to the home becomes rougher. The above requirements not only make liquor cost more, but puts the consumer to more trouble. In a few more weeks, according to the trend of affairs at Washington, common, old bust-head whiskey will be costing around \$10 a gallon. Is it worth it, boys?

## LUKE-WARM CAMPAIGN.

The public attention is being gradually centered upon the coming primary. Many other events of greater magnitude have in a manner overshadowed the present campaign for county offices and the candidates themselves have moved in rather a half-hearted, feeble effort in pressing their claims. The remaining six weeks of the campaign, however, will be fraught with more vim and vigor, especially among the candidates for Sheriff and County Court Clerk. Jailor and Assessor candidates will also do considerable button-holing and whispering of personal messages to the dear voter as the lines tighten, and those who seek the office of County Attorney will be right along with them. Judge Elvis J. Stahr, county judge, and Miss Virginia Luten, county school superintendent, are unopposed for re-election. As a whole, thus far, the campaign in Fulton has been only luke-warm.

## NEW FORM OF TRAILER.

Syd. L. Dodds has attached a one-horse wagon to his Ford runabout using it as a trailer for hauling lumber and supplies between Hickman and his lower bottom plantation, where reconstruction is under way following the devastation by the tornado. Mr. Dodds hasn't had as much fun since the good old days of the Hickman Gun Club. There is real sport in seeing a load of lumber shoot over the country road at the rate of 20 per.

Deeming it someone's duty to do so, Rev. W. F. Hennenberg and A. S. Birnbaum acted as a committee to inform Judge E. J. Stahr that in Fulton county, not over a 1000 miles from Hickman, was an unusually rough, though short, piece of road, on which is also one very inadequate bridge. Judge Stahr and Circuit Clerk W. L. Hampton, who went over the road, admitted it was rough, as claimed by the committee, but also found it was out of the county's jurisdiction; in fact, semi-private. Inasmuch as those really responsible for its condition take no interest in its improvement, it will probably remain in its present "rocky" state, until heavier traffic demands its improvement.

K. A. Mitchell went to Nashville Sunday, returning Tuesday. Mrs. Mitchell is visiting her brother, Hearn Brown, and wife, there for several days.

Judge and Mrs. F. S. Moore and daughter, Miss Dorothy, returned Monday from a visit with home folks at Villa Ridge, Ill.

Rev. and Mrs. H. M. Crain have returned from a visit in Memphis.

Smoke Spans Vista. Smokes like a 10-center—costs a jitney. For sale at all dealers.

Charlie Fette was on the sick list last week.

## THE ROOKIE

Among the two hundred graduates of Vanderbilt University this year is Swan Burrus, of Woodland Mills, who received the degree of Doctor of Medicine.

Men's Sport Shirts—the right pattern, the right size, the right price. Enough said.—Baltzer & Dodds D. G. Co.

R. A. Tyler left Sunday for Denver, Colo., where he probably spend the remainder of the summer.

Mothers: It will pay you to see our line of Boys' Blouse Waists. You can't begin to make them at the price we offer. Bring the youngster in and let us fit them out.—Baltzer & Dodds D. G. Co.

R. Y. McConnell was over from Union City, Tuesday, to make some land surveys.

Congratulations are in order—The Courier will be 58 years old next week.

## CONTRACTS OFFERED FOR 15c SEED COTTON.

We are reliably informed that a Hickman ginner has offered to contract to buy Ves Kelley's cotton crop at 15c a pound in the seed at picking time.

No such price was ever paid or offered in Hickman. This is more than 33 1/3 per cent over the best price paid last fall, when we called it "sky-high" cotton at around 9c. Roughly speaking, this is equivalent to 45c lint cotton, and judging from the upward swing of cotton during the past ten days, 45c lint seems a probability, as "spots" this week have been selling as high as 24.50, based on upland middling, while a good bender is worth better than 30c.

The News-Banner, of Union City, several months ago predicted \$1.00 cotton for the coming season, and however extravagant we thought Mr. Brice at that time, we are beginning to think he made a better guess than most of us, who could not forget the "buy-a-bale" campaign in 1914, when it was a difficult matter to realize \$30 on a bale of cotton. Now the same bale is worth \$150—and still going up.

Jim Crowder, a negro wanted at Fulton for breaking into a freight car and who skipped a \$200 bond, has been caught at Lenwood, Iowa, and will be returned to this county.

## BANK IS ORGANIZING BOYS' "PIG CLUB."

The Hickman Bank & Trust Co. is undertaking a very worthy and commendable proposition this week—that of organizing and financing a "Pig Club" for the boys of the western half of Fulton county.

Every boy can now own a nice thoroughbred Duroc gilt, provided the bank can secure enough of them to go around. Pigs are not only high, but scarce at present. This is a fine opportunity for boys to secure a pig and start a thoroughbred herd, and incidentally make money. The County Farm Agent, Mr. Gordon, also proposes to help the boys along in the hog business by telling them the best ways and means of handling their pigs.

While the pig club is new in this immediate section, it is by no means an experiment; in other places it has proven very successful. The purpose of the plan is obvious to all grown-ups. Banks inaugurating this scheme have found that it not only raises the standard of live stock and increases the county's wealth, but increases deposits and makes new customers, and is money well spent. Pigs and calf clubs are a stepping-stone in the training of boys for business farmers, and Fulton county needs them in both ends—and the middle.

The Hickman Bank & Trust Co. is to be congratulated on the step it is taking. It is doing its "bit" toward the betterment of town and county.

## Hot Weather Suits For Men

The man attired in one of these comfortable Keep Kool suits is usually about 15 degrees cooler than his neighbor in woolen garb. These cool, porous Palm Beaches Kool Cloths and Mohairs persuade the investigation of every wandering breeze. Besides which, their cool appearance usually has a psychological effect upon their wearers, inducing another drop in temperature of at least five degrees!

Come in and be "suited" in one of these Keep Kool suits.

## PANTS BLOWN 45 MILES.

Geo. Stunson, colored, lost a pair of pants in the recent tornado, which were found north of Mayfield, about 45 miles from home. The Courier wrote the finder requesting their return and received them Friday morning. Singularly enough the trousers were not damaged in the least and the articles in the pockets—a pair of pliers, two pocketbooks, a bunch of keys, a dime and a nickel—were not lost. This very necessary article to a man's toilet was in Stunson's house when the storm struck, but we failed to learn if the Graves county gentlemen found any of the building over there. George received his "Sunday pair" in good order and is now ready for either a funeral or circus.

Jas. McDaniel, a Fulton county boy, after an absence of ten years, visited his brother, M. A. McDaniel, and other relatives here last week. He is a graduate of Kentucky University, of Centre College Law School, and a successful attorney of Beattyville, Ky.

It is said the sheriff dropped in on a social game, at which liquor refreshments were being served, at Cayce, at an early hour Sunday morning and about seven young men are anxious to have the matter "kept as quiet as possible." Sure, boys; we're mum.

Don't miss this opportunity. An expert hatter at Roper & Aquino's, this week only, cleans and re-blocks all kinds of hats—panama, straw, felt—also ladies hats. Old hats made to look like new. Prices 50c, 75c and \$1.00.

Mrs. J. W. Buzart has returned to her home at Memphis after a visit with her aunt, Mrs. Kate Witting, and other Hickman relatives.

Mrs. J. A. Bagdala, of Union City, died Sunday. She was formerly a resident of Fulton.

C. H. McQueen, of route 5, hands us \$1.00 for the Cyclone Relief Fund.

Will Ferrigen has returned from a visit in Martin.

Don Benham, of Union City, was here Monday.

Its about time to talk about "some Fourth."

## WILL ORGANIZE LOCAL RED CROSS CHAPTER.

A movement is under way to organize a Fulton County Red Cross Chapter with headquarters at Hickman. For the purpose of perfecting the organization, Rev. W. F. Rensenberg has been named as temporary chairman, and Mrs. L. McLakin, temporary secretary. Later a mass meeting will be called and the plan of procedure explained in detail by Red Cross representatives.

Some weeks ago an attempt was made to organize an auxiliary chapter, but this will be dropped and a permanent chapter takes its place.

A Mr. Kuykendall, of the vicinity of Union City, is said to have put in his appearance here last Sunday for the purpose of taking two orphan children of the late Mrs. Alice Neal home with him, claiming to be their uncle. When informed that County Judge Stahr had given these children into the custody of Mr. and Mrs. E. R. Ellison, and therefore would not be given to him, he is said to have threatened to spend a thousand dollars in an attempt to get them. These little folks, a girl two years old and a boy twelve, were injured in the recent tornado; their mother and three other children killed, leaving them orphans, and the court decided to place them in a good home together. It will very likely require the expenditure of more than a thousand dollars to change the status quo.

Mrs. C. L. Collins is visiting Mrs. Estelle Salmon and Mrs. Murrell Harpole, at Jordan, this week.

J. Sanderson, of Nashville, is the guest of his nephew, E. Dobson.

## CHARACTER SKETCHES—FAMILIAR TO HICKMANITES.

Is the man lost in the jungle? Sh—hl! That is no jungle; that is the garden of a well known Fulton County official and he is looking for the Radishes. Will he find them? No chance! The Neighbors' chickens dug up the seed fifteen minutes after he planted them. Well, anyway, the Weed Crop is a Howling Success—and candidates don't have time to Hoe—their own garden. Do they Tommy?

## U. S. LIBERTY BONDS WILL BE GIVEN AWAY.

Maxwell car owners here have an opportunity to win a Liberty Bond by competing in the \$500,000 U. S. Liberty Bond gasoline economy contest of the Maxwell Motor Sales Corporation, to be run all over the United States and Canada from June 20 to 30 inclusive. There is keen rivalry among the entrants here, according to Mr. Parrish, the local Maxwell dealer.

"Every Maxwell car owner is urged to enter this economy contest," Mr. Parrish said today, "and to win a Liberty Bond if he can." "The purpose is to show by the greatest demonstration yet that the Maxwell will go further on a gallon of gasoline than any other 5-passenger car made. The 500 Maxwell drivers who get the most mileage will win \$25,000 Liberty Bonds—a \$50 bond each."

For full particulars, see Mr. Parrish.

## DRAFT ABOUT JULY 1.

Pres. Wilson and his advisors are working out the final plans to call into service about 1,500,000 men from those who registered on June 5th. Announcement of details is expected to be made this week, and it is thought the drawing will take place about July 1st. Exemption Boards will be named for each 30,000 population, and this board will pass on the claims of those who claim exemption. The big task now is to name men for the Board who will not be influenced by political or other motives.

An epidemic of flux prevails in Hickman and vicinity, with fully twenty-five cases in the city alone, and local physicians are kept busy looking after them. Dr. Lon Naylor, city health officer, says the trouble probably arises from the improper cooking of vegetables—that is too little cooking. Vegetables some times become tender and appear to be well done when they are not so. The fly is also accused of contributing to flux. In short, you are advised to cook everything well done and keep the fly out of your home as a preventive.

Mrs. Thomas Nash and children, of Wynne, Ark., are visiting her sister, Mrs. A. O. Caruthers, and father, Mr. Belt.

Elmore Leon, 18 months old son of Lonnie Harrison, died last Thursday of flux and was buried at Brownsville Friday.

Mrs. A. S. Birnbaum is expected home from Paducah, today.

Mrs. S. W. Bomer, of Nashville, is visiting Mrs. C. G. Schlenker.

Nim Walker is on the sick list.

## F. &amp; M. BANK WILL ORGANIZE CALF CLUB.

Elsewhere in this issue will be found the announcement of the Farmers & Merchants Bank setting forth the particulars of a scheme to organize a "Calf Club."

We are going to say it is the best piece of business the bank has undertaken in a long time—and time will prove the truth of this assertion. Boys who become members of this club are the future stockmen of our county—and along with it, some of them will also have a hand in directing bank affairs. The boy taking an interest in a Shorthorn calf will take a greater interest in a Shorthorn herd; and this is the quickest way in the world to kill the scrub stock evil, which has been a mill-stone around the neck of many a farmer, otherwise progressive and deserving. And the boy, who sticks to the calf club is soon going to have a bank account; thus the foundation is laid for making a business farmer and breeder. As a vocation, you can't beat it.

The bank makes a very liberal proposition to encourage the boys in this work, and parents will do well to co-operate with the bank. It will help the boy—the parent—the bank. Give the boy a chance by assisting him to take advantage of this generous offer made by the bank.

Unless Esq. A. M. Shaw continues to turn the deaf ear to the appeal of his friends, he will more than likely enter the race for Representative within a few days. He possesses the necessary qualifications to make a good Representative, being experienced in public life and having a genial way that has made him many friends throughout the county. He has suggested some changes in our state road laws which are meritorious. He is in every sense a progressive, clear-thinking man and has been a leader in road improvements in this county. We recall the fact that when the first road tax was made for gravel roads, which could not be built at that time, some of the members of the court were afraid to work the roads by taxation and improve our bridges, as they have been, and it was then he used his influence to help bring about our present good roads. There are others that insist that he should consent to become a candidate for Magistrate another term, if there is little in the office, in order that he might continue the "good road movement," as some express it, that has just begun and which can only be perfected by men that understand just what is needed along this line.

A stray mule, which grazed with impunity upon forbidden ground, was duly arrested and placed in the stock pound one day last week. A night or two later he was rescued by unknown parties, who cut the wire fence from bottom to top with a pair of pliers. The stock marshal is now on a still hunt for the wire cutter.

Mrs. C. F. Baltzer and son, Ralph, of Clarksdale, Miss., are visiting her mother, Mrs. J. E. Fuqua. Miss Marguerite Fuqua accompanied them home after a visit to them.

H. C. Amberg returned Saturday from Memphis, his grandson, Joe Amberg, returned home with him.

Mrs. F. E. Case returned home Sunday after a visit to her sister, Mrs. Ella Murrell, of Columbus, Ohio.

Lacy Conner was kicked in the face by a mule one day last week and may lose the sight in one eye.

Bob McKimmons and wife are entertaining a new girl. The little Miss arrived last Thursday.

Mrs. Todd and daughter, Mary, of Dyersburg, are visiting Mrs. W. C. Tipton.

G. S. Stovall, of Martin, spent Sunday with Miss Rozella Adkisson.

## If You Have Money To Spend---

## SPEND IT!

The worst "slacker" is the pessimistic man who hoards his money when it ought to be "working."

But don't waste it. True economy lies in buying wisely.

If you need new clothes, shoes, hats, furnishings, etc., don't hold off—get them now. You can get more for your money right now than you will when the prices of good, dependable merchandise go mounting higher. You will find it wise economy to buy anything you may need now.

Miss Ruby Fleming, formerly of Hickman, is in Washington, D. C., taking civil service examination for a government position. From there she goes to New York and Virginia on a visit to friends.

Misses Marguerite Fuqua, Bess and Irene Thompson and Loula Douglass are attending the Epworth League convention at Fulton this week.

## IMPROVING TROY AVENUE BY PRIVATE SUBSCRIPTION.

The property owners on Troy avenue have made up about \$400 by private subscription, which they are spending to improve their street. John Wiley is doing the work, which began Tuesday. They have sufficient money subscribed to grade, gravel and oil. This work—badly needed too—takes quite an expense off the city. The work is under the supervision of Street Commissioner Caruthers.

The oil to be used by the Troy avenue folks will be shipped with that ordered for downtown use; an 85,000 instead of a 65,000 gallon tank car having been ordered.

Our next issue will be the last until after our July holiday—of one week. In accordance with the established custom, the office force will take the week of July 4th for over-hauling machinery and a little vacation. There will be an issue on June 28th, then again on July 12th.

J. C. Ellison liberated 22 pigeons here last week for the American Pigeon Fanciers Club at Columbus, Ohio. The birds left here at 4:45 a. m., and one of them made a new record for homing pigeons by covering the distance of 400 miles in 9 hours, 28 minutes and 8 seconds, or an average of 1267.88 yards per minute. To us this is a mere matter of "going home," but among pigeon fanciers this bird's flight created a furor.

**PIGEON FLIES FROM HERE  
TO COLUMBUS 8 1/2 HOURS.**

J. C. Ellison liberated 22 pigeons here last week for the American Pigeon Fanciers Club at Columbus, Ohio. The birds left here at 4:45 a. m., and one of them made a new record for homing pigeons by covering the distance of 400 miles in 9 hours, 25 minutes and 8 seconds, or an average of 1267.88 yards per minute. To us this is a mere matter of "going some," but among pigeon fanciers this bird's flight created a furor.

**CARD OF THANKS.**

I wish to thank most sincerely each and every one of my friends who assisted me in winning the Helm & Ellison auto contest, and to assure you that your kindness will be remembered long after the contest is forgotten. Break up the cold with Dr. King's New Discovery before it is too late. At your druggist, 50c, \$1.00. Adv.

Miss Dorothy Embury, of Lexington, was here Monday representing the American Red Cross in the settlement of claims against the Fulton County Relief Committee and the disbursement of other funds in connection with the recent cyclone expenses and losses.

The Courier has the agency for the best house in the country supplying loose leaf ledgers, binders, etc., also regular and special forms of ruled leaves for same.

J. O. West has purchased the Buchanan interest in the LaCade Block, representing several thousand dollars.

Allen Bright has accepted a position with Logan, Ward & Co., at Askew, Ark.

## Scotch Baritone Coming Chautauqua Week

THE Redpath hall secured for its music lovers this season a great treat in the person of Knight MacGregor, the Scotch baritone. This will be Mr. MacGregor's initial tour of the United States, as heretofore his concerts have been confined to Canada. Mr. MacGregor is an artist of great versatility, his wonderful rich voice with its wealth of feeling masters the "Prologue to Pagliacci" as well as the simplest ballad.

### JOIN THE RED CROSS.

A formal petition has been sent to National Headquarters for authority to form a Red Cross Chapter to be known as the Fulton County Chapter of the American National Red Cross. We are not in a position to organize until this charter has been granted but there is nothing to prevent any person from becoming a member of the Red Cross at anytime. By paying the annual membership dues of \$1.00, one becomes a member at large or he may be affiliated with some specific chapter.

The nation has been asked for \$1,000,000,000 to be subscribed during the present "Red Cross Week." Louisville is proposing to raise at least \$250,000. How much can Fulton county raise? Surely we can contribute \$1000. A thousand members of the Red Cross would mean something and that is a conservative number for the entire county. Fulton is already at work and has promised co-operation.

Membership in the Red Cross does not obligate service of any sort. As is known to most of us, there is a great deal of work done through the executive board of each chapter through the two main divisions of Civilian and Military Relief. Hickman has had ample opportunity to observe the splendid work done by the Civilian branch.

Please remember that you are asked to become a member and that the service rests with you, according to your individual inclination and aptitude. No service is required according to the by-laws, but must be voluntary if at all.

In other words, if you can neither knit nor nurse, you can do your bit—a tiny bit—by paying a dollar.

At least 95 cents out of every dollar given the Red Cross for relief work is spent for relief work. All accounts of the Red Cross are audited by the United States War Department.

### Sloan's Liniment for Rheumatism

The pain goes so quickly after you apply Sloan's Liniment for rheumatic pains, neuralgia, toothache, lumbago, sprains, and its so easy to use. It quickly penetrates and soothes without rubbing and is far cleaner and more effective than musky plasters or ointment.

Keep a bottle in the house and get prompt relief, not only from all nerve-pains but from bruises, strains, sprains, over-exercise and all external aches. At your druggist, 25c, 50c, \$1.00. Adv.

### STOLEN CAR ABANDONED NEAR MAYFIELD.

The Ford touring car belonging to Chief Jno. Wright, which was stolen while standing on the street in Hickman Friday night, between 8 and 10 o'clock, was found Saturday morning, at Pryorsburg, a little town near Mayfield. The thief or thieves, probably not knowing much about driving it, had stalled the car in a mud hole and abandoned it right in the road. Some one else, who knew about making it pull, had run it out of the hole and to one side of the road later. The car was not damaged. Mr. Wright went over to Mayfield Sunday and drove it home. The thief has not been caught, although the owner says he knows him and will try to catch and prosecute him.

### UGH CALOMEL MAKES YOU DEATHLY SICK.

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel sick and weak and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfect harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Adv.

The insurance firm of Helm-Swayne-Amberg have just wound up the job of settling claims, resulting from the cyclone, and paid out something like \$10,000 for companies represented by them. Henry & Henry, local agents, were not hit so hard; their office handling about \$1,400 for the same purpose.

Japan has taken action similar to that of Great Britain in reference to associating herself with America's action in asking the rival factions in China to compose their differences, it was said today at the State Department.

No reason was given for the action of either nation, but it is assumed neither felt that the American action would be successful.

Japan is known to have resented the United States sending a note to China, feeling it disregarded the special position she claims for herself there. Japan will do to watch — as she is far from being in love with Uncle Sam.

The promotion department of the Burlington Way has ordered the extension of the Burlington Way south from St. Louis, Mo., to New Orleans, La.

On the 15th of March, 1917, in the city of Carbondale, Ills., the division to be hereafter known as the East St. Louis, Carbondale and Cairo division successfully organized and the officers all elected.

The route selected was the one to be improved by the \$100,000,000 bond issue, which will soon become a law and which will permit of the building of 4,000 miles of hard roads in Illinois.

There have been two proposed routes south from Fulton, Ky. Route No. 1 is via Union City, Obion, Dyersburg, Ripley, Covington, Memphis, Bates and Gretna, Miss.

Route No. 2 goes via Martin, Greenfield, Milan, Jackson, Tenn., and Corinth, Booneville, Baldwin, Tupelo, Okolona, Amory, Aberdeen, West Point and Starkville, Miss.

### LIFT YOUR CORNS OFF WITH FINGERS.

Tells How To Loosen A Tender Corn or Callus so it Lifts out Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lock-jaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. Adv.

### U. S. TANKER SUNK.

The American tank steamer Moreni was sunk by a German submarine on June 12, after a running fight of two hours. Four members of the crew lost their lives. The German submarine commander congratulated the American captain upon his splendid fight. A half hour after the vessel was sunk the crew was picked up by a passing steamer. Two of the Americans injured were treated by the submarine's surgeon.

## Victims of Self Poison Are Many, Says Expert

Advanced medical authorities assert that auto-intoxication is the foundation of most of the modern maladies from which run down Americans suffer.

"This condition," says Joseph Von Trimbach, noted giver of health aids, who created the famous formula of Tanlac, "is nothing more or less than slow self-poisoning of the vital organs produced by the excessive strain of life to-day. The reserve force of the organs is exhausted and as they function below normal—actual poisons—are generated within the body."

"In the majority of cases the trouble starts with the stomach. But in any case the blame lies with faulty methods of living. When the organs falter in their duties and become congested, the body is tainted with poisons and the victim yields to their influence. Stomach and intestinal troubles and catarrhal affections are most often caused by auto-intoxication."

"A tired, draggy feeling is the first result. This is followed by sluggish action of the mind,

drowsiness at all hours, nervousness, headaches, faulty digestion, poor circulation, constipation, fitful sleep, eight out of ten persons are likely to be affected."

Tanlac, the great reconstructive medicine, was especially created to overcome these troubles. Tanlac is designed to stimulate the vital organs and to spur them back to normal activity. First action is on the digestive and assimilative organs, thereby enriching the blood, bone and muscle. It overcomes the great cause of sickness—weakness. By invigorating the body it throws off the symptoms of nervousness and indigestion in a natural way and not temporarily.

Tanlac is conceded to have greater therapeutic value in cases of stomach and nerve exhaustion than any other remedy so far discovered. Men and women who are in need of more strength, better indigestion, properly regulated circulation and a toning up of the nervous system will find Tanlac the ideal tonic, appetizer and invigorant.

Tanlac may be had at any of these places: Benton, A. A. Nelson; Bardwell, Geo. L. Fisher; Barlow, E. R. Allbuter; Clinton, Owl Pharmacy; Dexter, Ernestberg & Co.; Fanev Farm, Burch & Co.; Gage, Ashbrook & Co.; Hardin, Clayton Drug Co.; Hickman, Hickman Drug Co.; Ingelside, J. H. Wray; Kevil, J. R. **A CHEAPER HOG FEED.**

Why feed so much high priced corn to hogs while soy beans, cow peas, and peanuts can be raised in Fulton county so cheap, and in such abundance? The corn can be used to fatten the fat put on by cheaper food. Turnips boiled and fed will bring rich returns. Plant that which can be harvested down, and save the corn for later feeding.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

**WHAT IS  
LAX-FOS**

LAX-FOS IS AN IMPROVED CASCARA  
A DIGESTIVE LAXATIVE  
CATARACTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT  
MAY APPLE ROOT  
SENNA LEAVES  
AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

# CHICAGO IN SUMMER

## Combines All Resort Features

Also Alluring from a Metropolitan Point of View

**THE LOOP** This district is of absorbing interest with its skyscrapers, animated streets, fascinating retail stores and other features.  
**AMUSEMENTS** Theaters, amusement parks, movies, band concerts and two major league baseball clubs.

**BEACHES** With beaches, waterline horizon and surf it has features the same as at an Atlantic resort. Scattered along the shore of the residence district are many fine and extensively used bathing beaches.

**THE PARKS** The parks and boulevards are beautiful and include three extensive groups and a large number of community parks and playgrounds. Supplementing them for the out-of-doors life is the Municipal Pier with its large area for recreation and gathering.

**GOLF-AUTOS** There are fine golf courses in the parks and many in connection with the country clubs scattered over the environs of the city. The fine roads of the parks, connecting boulevards and adjacent country furnish unsurpassed opportunities for automobilism.

**LAKE TRIPS** Chicago is the leading port for various lake trips in many directions, the trips varying from local excursions to a tour of the chain of Great Lakes.

**CLIMATIC** Conditions favorable for sightseeing, recreation and rest. Cool breezes from off the Great Lake. Sunshine predominates.

Chicago Is Best Reached by the Efficient Train Service of the

## ILLINOIS CENTRAL

from New Orleans, Jacksonville, Birmingham, Memphis, St. Louis and other Southern Gateways

Excursion tickets to Chicago and points beyond in the North, East and West, and specific information as to train schedules can be obtained from agents of the Illinois Central and connecting lines. Send to the undersigned for a free copy of the beautiful illustrated booklet entitled, "Chicago for the Tourist," issued by the Illinois Central Railroad Co. to supplement the above meager suggestions as to why Chicago is more than worth a visit during the summer months.

## A Plant that Grows with the Times

About five years ago we conceived a tremendous idea—the idea of giving to America a soft drink such as it had never before tasted. A new kind of soft drink in flavor and in its cereal ingredients—a soft drink that should be nutritious as well as delicious—pure and wholesome.

The idea took root—it was cultivated, experimented with, tended with all the care and skill that science could apply. For four years this work went on and then finally about a year ago there sprang into being, Bevo—the drink triumphant.

Less than two months after its introduction Bevo had leaped into such popularity that even our already large facilities could not supply the demand.

The result is that soon will be completed (built by public demand) the largest plant of its kind in the world—daily bottling capacity, 2,000,000 bottles.

You will find Bevo at all places where refreshing beverages are sold. Bevo is sold in bottles only—and is bottled exclusively by

## MOTHERHOOD WOMAN'S JOY

## Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia

E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."

—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

# WILL DISBURSE \$12,000 CYCLONE RELIEF FUND.

Chairman Rev. W. F. Renneberg of the local Relief Committee, informs us that vouchers have been drawn and forwarded to the American Red Cross for final signatures in connection with the settlement of claims growing out of the recent tornado losses. There are an even 100 claims. When the vouchers are returned, which will be some time next week, about \$12,000 will be disbursed.

This money will be used primarily for re-habilitating those who lost homes and property in the tornado, while a substantial amount is to be given families whose bread-winner lost his life. The amounts vary, of course, from \$5 to \$1,000, according to the loss. Something like \$2,000 have already been turned loose in the payment of emergency bills. A report of receipts and expenditures will be given in our next issue.

## LOWER COURT AFFIRMED.

The Court of Appeals, Monday, affirmed the verdict of the Graves Circuit Court in the case sentencing Byrd Choate to serve three years and four months for mutilating Henry Campbell. The trouble between the two men grew out of a betrayal of friendship on the part of Campbell, who is alleged to have ruined Mr. Choate's home, and developed one of the most sensational cases in Western Kentucky, with a big leaning of sentiment in Choate's favor. The affirmation of the case came as a shock to Mr. Choate and his friends, who believed he was justly entitled to a new trial.

S. A. Choate and wife, parents of Byrd, are highly respected citizens of Hickman, and their many friends regret the unpleasant termination of the affair.

## FORMERLY OF HICKMAN.

J. B. "Buck" Cook was born near Princeton, Ky., in 1834, May 16, and died June 6, 1917, at the Confederate Home, Ardmore, Oklahoma, aged 83 years.

The deceased was a veteran of the war in the sixties, having volunteered and served the first and the last year of the war with the Confederacy.

Immediately after those trying days he settled in the vicinity of Hickman, and resided here until about the year 1892 when he moved to near Paragould, Ark. He resided there until about 12 years ago where he buried his wife, Mrs. Margaret J. Cook, and since he has been making his home with his son, Robt. F. Cook, now of Tulsa, Okla., until about eight months ago he went to reside in the Confederate Home at Ardmore. He was laid to rest in the Confederate cemetery.

## News Snapshots Of the Week

Almost simultaneously with the arrival of General Pershing in England a tremendous explosion blew up the German line in Belgium and the British under General Plumer advanced over a strategic section which had been in German hands since 1914. Paris later gave General Pershing an enthusiastic welcome. Shortly after President Wilson's statement of terms to Russia the Root mission reached Petrograd. With the abdication of King Constantine and the placing of his second son, Alexander, on the throne Greek affairs took on a more favorable outlook for the allies. Hugo clocks were used by New York and other cities to show last day progress of liberty loan. William J. Clark, gunner on an American vessel, sank a submarine on his twenty-fifth shot. England sent Lord Northcliffe, famous newspaper owner, to head her war mission in the United States, where he is now co-ordinating the war plans of both countries.

# CALF CLUB

The Farmers & Merchant Bank appreciating the fact that the whole commercial welfare of this county is dependent upon its agricultural interests is anxious to promote better farming and better live stock. As an evidence of its interest this bank proposes as it has always done to lend every possible assistance to development along these lines and has announced its willingness to assist a reasonable number of worthy boys between the age of 10 and 18 years in the purchase of a short horn heifer.

Boys will be required to sign a note to the bank with security and the calf to be fed under the direction and advice of the County Agent. These calves will be fed until late fall at which time they will be entered in public auction and the boy allowed the privilege of one bid should he desire to buy in his heifer.

Cost records will be kept in order that these boys may be taught business principles and at stated intervals it is the purpose of Mr. Travis, cashier, to have these boys meet at his bank at which time he will have the County Agent there to advise and instruct them along agricultural lines.

Of course, all worthy boys cannot be included, but all boys interested can fill out the blank below and bring forward to the County Agent who will in turn, turn these applications over to a committee who will select the lucky boys. These application blanks must be in the County Agents hands by the 30th day of June on which date the selection committee will convene.

## CHURCH AND CHOIR

### FIRST BAPTIST CHURCH.

Next Sunday morning will be a very important service. Each member of the church should be present as a very important announcement will be made. It is hoped that every one will assist in giving the Sunday School a good time on Friday at the picnic.

At the 11 o'clock service the pastor will begin a series of Sunday morning sermons on "The Church in Acts." His subject will be "The Church—Its Divine Origin." At 8 p. m. he will discuss "Can Christ be Hidden?" Sunday School meets at 9:45 a. m. You should be there.

B. Y. P. U. meets at 7 p. m. It might be well to announce that there is some good vocal music being rendered at the Baptist church. Come and worship with us.—H. M. Crain, pastor.

### ST. PAUL'S CHURCH.

Feast of St. John Baptist, June the 24th.

Holy communion 8 a. m.

Sunday School 10 a. m.

Holy communion and sermon 11 a. m.

Even song and special sermon for Masons 7:30 p. m.

The public is cordially invited to attend.

Rev. W. F. Renneberg, Rector.

### WILL PICNIC FRIDAY.

The members of the Sunday school of the First Baptist church, will treat themselves to a picnic tomorrow (Friday), which is to be held at Poplar Grove. It will be an all day affair.

### SPECIAL MASONIC SERVICE.

Sunday, June 24th, is the feast of St. John Baptist, one of the great patron saints of Masonry. The day will be duly observed by Hickman Lodge No. 761, F. & A. M. with special services at St. Paul's Episcopal church at 7:30 p. m.

The preacher on this occasion will be the Rev. John B. Robinson, Ph. D. Priest in charge Trinity church, Fulton.

Members of the lodge will meet at the lodge room at 7 p. m. and proceed to the church in a body. The public is invited to attend.

## THE WEATHER

Thunder showers this afternoon and tonight. Friday fair and not much change in temperature.

Mr. and Mrs. E. Dobson entertained the "younger set" with a tacky party in honor of the latter's little sister, Miss Hazel Tohrner, of Franklin, Tenn. As the guests arrived they were met by the hostess and honoree and Misses Eva Adkisson and Anita Dodds, who lead the grand march. Seated on the floor, the guests enjoyed a "home talent" play of something like a dozen numbers, including music, impersonations, debates, speeches, etc. Games were also enjoyed and refreshments of stick candy and cold "pop" were served. Miss Elizabeth Ellison and Master Jno. A. Stubbs won the prizes for the tackiest dressed couple.

Mrs. Beauchamp Fleming spent Saturday and Sunday with Mrs. George Carpenter, of Wickliffe.

Mrs. W. E. Lynch and son left Saturday for a visit to relatives at Rector and Greenway, Ark.

Mrs. J. R. Rainey has returned to her home in Clarksville, Tex.

### SMALL BOYS COMMANDEER N. C. LOCOMOTIVE.

Finding an N. C. & St. L. Ry. engine idle on side track yesterday afternoon, Chester Wright and Lawrence Allen, two boys about 16 years old, decided to run her up to Cairo. They engaged the service of another boy about 12 years old to fire for them, but he jumped the job. The locomotive, however, carried enough steam for immediate service and the boys opened the throttle and went up, and down the track a time or two before they were discovered. It is next to a miracle that the engine did not run off with them, as there was no air on to work the brakes—even if they had known how to apply them. They managed to stop by throwing her in reverse, but had any speed once been attained, this would not have worked. The inbound passenger train was due about this time, too; but W. R. Phipps, local yard man, discovered the maneuvers in time to get the "Cairo special" back in the clear.

When asked what they intended to do about meeting this passenger train one boy said, "we've got just as good chance to pass them as they have us." There was a serious offense and the boys were arrested and held for the Juvenile Court.

It is reported that the boys at first decided to get to Cairo on horse-back, and all three of them on the same horse tried to make the animal swim the Mississippi river, but when the horse got out about fifty yards and struck the current, he came back with them.

Of course the little fellows did not realize the great danger they ran in either case. Chester is a son of E. P. Wright and Lawrence is a son of Ed Allen.

Again we are reminded that the local fire department saved the insurance companies several thousand dollars last Tuesday morning by saving a whole block of business houses and contents when it stopped the fire in Jack Stahr's store, but we get no credit for this and the insurance rates in the main are still on the old non-protection basis. The companies, we are told, are willing to look into a readjustment of rates as soon as a few "dead end" mains in certain out-lying districts have been and have received the needed improvement. Yet, every downtown building is rated on its own merits, risks and hazards, where there are no "dead ends" and where fire protection is up to the standard requirements—but we haven't detected any reduction in the amount of premiums we pay as compared with the period before the fire engine was purchased and a paid company employed. Of course, we received a very substantial reduction on the residence rate. We formerly paid \$2 per hundred for three years on this class of property. The rate was reduced from \$1.00 to 80c, and for three years we now pay—\$2. Big saving, isn't it? So far as we are concerned, we had just as soon insure under the old rate, as the new one costs the same. In former years, the rate of one dollar was doubled for three years. Now on the 80c basis—its two and one half times the rate. It must be admitted that the fire department renders valuable service and savings to the individual, but the insurance companies are the largest benefactors of fire protection and should share their proportionate part of the cost of maintenance by a reasonable reduction in rates, which was promised by a representative of the Actuarial Bureau when we were discussing the purchase of a fire engine. This gentleman did not commit himself to any specified amount but estimated a reduction on all risks of at least 10 per cent following the establishment of a fire department. We have the fire department—but not the ten off.

# EVERY BOY CAN OWN A PIG

## Boys, Here's Your Chance To Make Money. Read and Act Quickly.

THE HICKMAN BANK & TRUST CO., whose capital stock is largely owned by farmers, is anxious to do its "bit", not only in an agricultural way, but is equally anxious to encourage the boys of this county. As an evidence of this fact this bank has come to the front and proposes to be instrumental in stocking this end of Fulton county with registered Duroc hogs.

A definite plan has been devised and this bank proposes to buy at once a number of registered Duroc gilts of the very best blood lines and to distribute them to boys between ages of 10 and 18. The bank will also purchase and place on a farm conveniently located, a fine registered Duroc male. No charge for this service.

Boys interested and desiring these pigs will be prepared to execute bankable notes for twelve months without interest for actual cost of the gilts.

These pig are to be fed under the direction and supervision of the County Agent, and cost records kept. Applications for membership attached hereto must be filed and in our hands by June 30th.

Boys of this club will be invited to meet with Mr. W. C. Reed, the Cashier and Mr. M. M. Gordon, County Farm Agent, at intervals as it is their intention to take a keen interest in the development of the boys as business farmers. The County Agent will be present at these meetings and will explain that these hogs are the best animals on the farm to root the "r" out of grain and turn it into gain; he will also explain that the chief ambition of a well bred pig is to make a perfect hog out of himself and tell the boy just how to assist him in this worthy ambition.

"First come—first served." Clip out and mail the following membership application today.

### REGISTRATION LIST.

The Courier prints this week in full the names of the 1458 men who registered in the recent draft enrollment. Unfortunately we are unable to separate the whites and blacks and precincts, as County Clerk Roper was required by the government to make up the list in alphabetical order, regardless of race or location. If you know of a man who should have registered and whose name does not appear in that list, notify the county authorities; as all "slackers" are wanted. Would also suggest that you clip out this list and preserve it for future reference; it will doubtless be the only complete list printed of the Fulton county boys subject to the first draft call.

### Chautauqua Part of the Essential Machinery of Democracy.

(Editorial From the Chicago Herald.)

THE Chautauqua movement is one of the effective means which the modern world has discovered for creating public opinion. What the ten cent magazines were a decade ago, what the social centers may be after ten years' struggle, the Chautauqua movement is today. It is a part of the essential machinery of the democracy.

The first Chautauqua was akin to the first woman's club. It was an organization for easy culture. It was intended to be an American contradiction to Aristotle's overquoted remark to Alexander the Great that there is no royal road to learning. During brief summer seasons the early Chautauqua leaders tried to administer education with the aid of an anesthetic. The patient was not to know what was happening.

But the movement grew and rapidly burst beyond the early "culture" stage. Unacademic people took part in it. Soon it was a vast and inclusive effort to satisfy the genuine desires of the average American, especially of the men and women who live in the small cities and in the country.

Entertainment was provided for their amusement. Those who craved learning were given the opportunity to meet real scholars. But without the well known public leaders, the men and women who stand for the representative things in national life, were called forth. The Chautauqua became a great imperial forum for the discussion of the deeper issues of the country. It was an immense avenue for the expression of liberal thought.

To an extent seldom realized the Chautauqua has aided in making the United States what it is. Men like Judge Ben B. Lindsey were enabled through it to find tremendous audiences for their ideas. The Chautauqua has been a free institution. In it the heart of the American people has beat vigorously. Today 6,000,000 people are numbered in the host touched by the movement.

Who can estimate the power which such an organization exerts in a land where persistent public opinion is the ultimate sovereign?

### DOUBLY PROVEN

Hickman Readers Can No Longer Doubt the Evidence.

This Hickman citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

J. H. Pickett, E. Hickman, says "I have used Doan's Kidney Pills for several years and have found them to do just as they are represented to do. When I catch cold in my kidneys and bladder, I use Doan's Kidney Pills. I am always cured of the attack. They are the best kidney medicine made and it gives me much pleasure to recommend them."

### Later Testimony.

Mr. Pickett gave the above statement January 26, 1912, and on October 17, 1916, he added: "My opinion of Doan's Kidney Pills is still very good and I am glad to again endorse them. I haven't had to use them for some time, but would do so if I needed them."
